

**SEED-TO-TABLE FELLOWSHIP FOR TITLE 1 SCHOOLS & TEACHERS**  
**FUNDING, PROFESSIONAL DEVELOPMENT & TECHNICAL ASSISTANCE!**

Edible Schoolyard NYC is pleased to announce the opening of applications for our new **Seed-to-Table Fellowship to support the expansion of cooking and gardening education in the New York City public schools!** We are looking for Title I elementary and middle schools that have one or more teachers who are excited to get their students learning in a garden and kitchen setting. Participating schools will receive \$8,150 in funding to start or expand garden and cooking programming at their sites; one year of professional development, coaching, and technical assistance; and connection to a network of ongoing support. **Application deadline: 10/9/23.**

**The Opportunity:**

- **Your school will receive a \$8,150 grant**, half at the start of the program and half upon successful completion, to support the building or maintenance of a school garden, and to fund supplies for hands-on cooking and gardening classes.
- **Your school gardening and cooking program will receive technical assistance and coaching** over four site visits to support gardening and instruction:
  - An initial assessment of the school's current capacity for Edible Education programming, and action planning for program implementation.

- A teaching observation to provide feedback on current Edible Education curriculum, lesson implementation, garden and kitchen classroom management, and student enrichment and engagement strategies.
- A school garden consultation to advise on garden design, planting cycles, maintenance planning, and incorporation of plants culturally relevant to the school community.
- A final visit to review progress made over the course of the year and plan for the sustainable growth of Edible Education programming at your school.
- **Your Participating Teachers will receive professional development** over six workshops held between November 2023 and May 2024, focused on training educators to start or maintain their school gardens and teach garden and cooking-based lessons.
- **Your school will become an ongoing member of our Edible Education network of collaborators and resources.** We will convene current and past participants to celebrate successes, troubleshoot challenges, and continually share resources.

### Requirements:

- **A consistent group of 1-3 teachers from your school must attend these six professional development workshops** held between November 2023 and May 2024:
  1. 11/16/23, 4:30-6:00—Creating a School Garden for your School Community I. PS 216K, 350 Avenue X, Brooklyn.
  2. 12/14/23, 4:30-6:00—Teaching in the Urban School Garden 1: Collaboration and Culture. Brighter Choice Community School, 280 Hart St., Brooklyn.
  3. 1/4/24, 4:30-6:00—Teaching in the Kitchen Classroom 1: Cooking the Foods of NYC. Brooklyn Gardens Elementary School, 574 Dumont Ave., Brooklyn.
  4. 3/13/24, 4:30-6:00—Teaching in the Kitchen Classroom 2: The ABCs of Food Justice. PS 109X, 1771 Popham Ave., Bronx.
  5. 4/10/23, 4:30-6:00—Teaching in the Urban School Garden 2: Stewardship, Engagement, and Activism. PS 216K, 350 Avenue X, Brooklyn.
  6. 5/15/23, 4:30-6:00—Creating a School Garden for Your School Community II: Making the Garden an Inclusive Space. PS 216 K, 350 Avenue X, Brooklyn.
- **Hosting four site visits** between November 2023 and June 2024.
- **Creating or modifying three seed-to-table lessons, with support from ESYNYC, and teaching at least one** between November 2023 and June 2024
